LifePath CWA Members to receive a negotiated COVID Responders Payment

Early on as COVID-19 was changing the way we work and live, CWA and LifePath were in regular discussions on how to mitigate the impact, keep members and consumers safe and ultimately recognize workers for their extraordinary efforts.

As a result of your efforts, the severe reduction of the use of temporary employment services and recent funding by the Commonwealth of PA by the Wolf Administration, we were able to negotiate the following:

All current Full-Time employees will receive a one-time payment of \$1200.00.

All current Part-Time employees will receive a one-time payment of \$600.00

Payments will be included in the June 26th paycheck.

Employees in Orientation will receive their payment upon completion.

As we approach bargaining for a new contract, we remain committed to working with the Wolf Administration to improve funding for our LifePath members. Our objective is to see that YOU are recognized for the essential service you provide every day.

In Unity,

Julie Daloisio
